Let's Connect Experience

A large, stylized number '10' is positioned on the left side of the slide. The '1' is a solid yellow color, and the '0' is a blue ring with a yellow-to-blue gradient. The overall design is clean and modern.

Krazio Cloud is a global enterprise solutions provider delivering next-generation digital transformation with confidence. We specialize in salable, future-ready solutions across **custom software development, AR/VR/XR, artificial intelligence, machine learning, enterprise applications, and mobile & web platforms.** With a focus on innovation and measurable business impact, we help organizations stay ahead in a fast-changing digital world.

From strategy to execution, our expert team partners with enterprises to build solutions that are robust, secure, and designed for growth. At Krazio Cloud, we don't just deliver technology, we deliver enterprise value, trusted partnerships, and sustainable success.

Brains Behind the Brand

Rahul Bhatt
Founder | rahul.b@kraziocloud.com

Harsh Parekh
Founder | harsh.p@kraziocloud.com

Where others saw limits, we saw beginnings. With nothing but a bold vision and fire in our hearts, two dreamers chose to plant hope where most had lost it. Together, we're building not just a company—but an empire—driven by one mission to turn knowledge, innovation, and technology into a meaningful future. A future where virtual dreams come alive in the real world. Creating impact. Delivering innovation. Since 2015.

Securing What Matters

01

Secure Development

Implementing security best practices at every stage.

02

Data Encryption

Protecting data with end-to-end encryption.

03

Access Control

Enforcing role-based authentication.

04

Security Audits

Identifying and fixing vulnerabilities regularly.

05

Regulatory Compliance

Adhering to GDPR, ISO, and security standards.

06

Threat Management

Detecting and mitigating security risks proactively.

Leadership Vision

From day one, our mission has been clear: to create smart, immersive, and future-ready digital solutions that solve real problems and help companies grow. Whether it's through cutting-edge AR/VR/XR experiences, AI-driven tools, or custom app and web development, we aim to make technology feel human, useful, and impactful.

As we continue to grow and evolve, we remain grounded in our core values: innovation, integrity, collaboration, and giving back. A part of what we earn is reinvested in education, community development, and digital literacy because we believe success means nothing unless it lifts others too.

Rahul Bhatt

Founder - Krazio Cloud

Leadership Vision

We don't just build software. We build solutions that matter, experiences that engage, and partnerships that last. Every client, every project, and every challenge we take on is an opportunity to push boundaries and create something meaningful.

As we continue to grow, we remain deeply committed to quality, integrity, and innovation, the values that have shaped Krazio Cloud from day one.

“Let's build the future, together”

Harsh Parekh

Founder - Krazio Cloud

Be Part of Our Journey

We share 10% of our earnings to support underprivileged people and help make the world a better, happier place for everyone.

We're Closer Than You Think

We're not miles away, we're just a call or email away. Let's connect and create something amazing together!
